MEMORANDUM FOR: Deputy Director for Administration  
FROM : Deputy Director of Central Intelligence  
SUBJECT : Psychiatry

As a follow up to our discussion [ ] last weekend, I would appreciate a brief note from you on the role psychiatry plays in our training programs and whether that role can be expanded. I would also appreciate your taking a look at how our Psychiatric Staff might be better used in a continuing evaluation process. For example, do we or could we do an ex post facto review of [ ] etc. and try to build what we have learned from that into a personality profile we develop on our employees.
